Admissions process

APPLICATION, ACCEPTANCE, AND WAITING LIST

1. The Summer School Admissions Period runs from the moment Applications open and work on a rolling basis until Applications close in June.
2. Candidates are accepted to courses on a first-come, first-served basis and can confirm their attendance until the classroom capacity is reached.
 - Candidates are strongly encouraged to confirm their seat as soon as possible to avoid getting closed out.
 - When the start of the courses approaches, the final confirmation deadline will be duly notified by email to all accepted candidates.
 - After the given deadline is expired and having the admissions office sent the convenient reminders, all non-confirmed applications may be canceled with no more prior notice.
3. Popular courses may fill out earlier than expected and way before the final application closing in June. In the event this happens at any time of the admissions period, accepted candidates will be notified and given instructions on how to proceed to confirm their seat:
 - A deadline to process confirmation payment is suggested, and after this deadline expires, applicants under the "Accepted" status are moved to the "Waiting List" status.
 - The admissions office reserves the right to offer a seat to a new applicant if accepted candidates don't answer to the notification email before the deadline proposed.
 - The process is repeated in cycles until the course is filled, meaning that new accepted will have a new deadline to reserve their seats and failure to do so will mean they will be moved to the Waiting List.
 - Candidates on the waiting list may afterward be readmitted upon request, but only in case of cancelations and in strict order of listing.

CONFIRMATION

1. **A place for the course is guaranteed only when full payment of the course fees has been received and registered by the BSE finance department.** In the case of a confirmation payment via bank transfer, the payer will be responsible for any commissions or fees generated during the transaction. BSE will not consider payment complete until all fees have been paid in full.
2. Participants must follow up with their sponsors to make sure the deadlines are met or put them directly in touch with the admissions or accounts office to guarantee a convenient follow-up.
3. Upon successful confirmation payment, an email will be sent to the participant acknowledging receipt of the course fees and, therefore, confirmation of course registration.

CANCELATION

Cancelation by the participant

Participants who wish to withdraw from Summer Schools will have their tuition fees totally or partially refunded according to the following terms:

- **Cancelation before application closing date:** Full refund, except for 200 EUR to cover administration and admission expenses.
- **Cancelation on or after the application closing date:** No refund.
If desired, the fee can be used as a deposit to defer participation to the next edition.

Cancelation or modality change caused by the School

In the unlikely event that the School needs to change the modality of a course from face-to-face to online, or must cancel the course entirely, confirmed participants can choose one of the following options:

1. Request a full refund of the fees paid
2. Defer admission to the next edition of the course and use the amount paid already as a credit towards that edition's fees.

IMPORTANT NOTE ABOUT TRAVEL EXPENSES

The Barcelona School of Economics will not be held responsible for travel expenses related to the course. We strongly recommend every on-campus course participant acquire travel insurance that would conveniently cover them in case of cancelation.

COURSE CHANGE REQUESTS

Making changes to the Summer School course selection with no additional charges is possible only:

- while in “Accepted” status
- before an invoice has been requested

Please make sure the course selection and the type of fee and discounts applied in your acceptance are final before confirming your place or requesting an invoice.

No changes in the type of fee or discounts applied will be done in “Confirmed” status or after an invoice has been issued.

Making changes to your course selection once in “Confirmed” Status / after an invoice has been requested is only possible under the following terms:

- Not more than 20% of course contents have been delivered, therefore until the first day of lectures of a course.
- An additional charge of 200€ on top of the new selection total fee amount will be charged.
- No refunds will be done in case the new selection gives, as a result, a lower amount than the original.

Changes requests approval will be always subject to seats availability and only confirmed after payment of the additional fees that may incur in each case.

If you have any doubt about these terms or how the admissions process work, please contact us at summer.school@bse.eu.

Grading and Credit System

The BSE Summer Schools offer participants the possibility of being assessed for the purpose of requesting official credit transfers (ECTS).

It will be up to the participant's home institution to decide how many credits will be awarded, but the BSE Summer School office will:

1. Provide any necessary information to help the university of origin evaluate the courses by giving a recommendation of the equivalence in our institution
2. Provide the participant with a transcript stating the courses attended, the number of hours completed, and the grade obtained in the assessment.

Participants who wish to join the Summer School under this scheme will be asked to make an online request and pay an additional fee, while following the standard application process.

Upon conclusion of the Summer School, deliveries will be assessed, and transcripts sent to participants in a timely manner. It will be the responsibility of the students to contact the Registrar/Academic Secretary/Study Abroad Office of their home institutions to check how the hours completed and the grades obtained can be transferred into official credits.

Participants not interested in credit transfer will instead receive a Certificate of Attendance, stating the courses and number of hours completed. These students will be neither evaluated nor graded.

Each Summer School program has its own conditions for course assessment, grading, and credit equivalencies. To view these conditions, please [visit the Credit Transfer page](#) of our website.

ONLINE TEACHING AND MATERIALS

Teaching through online platforms has new implications regarding the processing of personal data. This may include the treatment of your image and/or your voice.

Class interventions will be governed by the principles of the ordinary operation of teaching. Any recordings made can only be used within the framework of the corresponding subject in the online platform, with restricted access, at most, to the participants in the group itself.

Any other use will require the consent of the affected people and, where appropriate, the authorization of the Barcelona School of Economics management. Bear in mind that images can be captured in private settings and that, therefore, we urge you to be especially careful in protecting your privacy and that of the people you live with, and in

respecting the privacy of course instructors and of the rest of the classmates with whom you can interact during teaching activities.

The contents uploaded to the online platform are restricted to those people who are expressly authorized and for exclusively academic use limited to the subject. Any other use may be subject to sanction in accordance with the BSE disciplinary regulations, without prejudice to the civil or criminal responsibilities that may be incurred.

Likewise, the non-consensual recording and dissemination of academic activity outside the framework of the subject itself may violate fundamental rights to data protection, image rights, privacy, and intellectual property rights. Therefore, they may also be subject to disciplinary sanction and/or civil or criminal liability.
